THIS PRODUCT MAY BE ON SALE NOW!

DURABLE JAR OPENERS - Our hands-free opener for jars and bottles has a body of tough ABS plastic that won't break no matter how stubborn the jar. Screw it in place and let the teeth do all the work.

A SHARP, IRON BITE - Two rows of razor-sharp iron teeth run down one edge of the jar opener tool's plastic head, biting down hard into the lid to keep it firmly in place while you twist the jar free.

FOR EVERY SIZE LID - Big jars, small jars, spice bottles—as long as the lid fits into the wedge, this lid opener jar opener will make quick work of it. This easy jar opener has a diameter of 7.1".

LIGHT & COMPACT BOTTLE AND JAR OPENER - A heavier jar and bottle opener would need more screws and could ruin cabinets. At only 0.27lbs, our jar openers for seniors won't weigh down your shelf ledge.
